Covering an area of 300 square metres, it offers modern coworking spaces, private offices, fully equipped meeting rooms and elegant lounge areas – embedded in the inspiring setting of one of Majorca's most exceptional locations.

"With the Drivers Lounge we have created a place that meets the needs of international business travellers for working productively, establishing contacts and at the same time relaxing in style – and all of this in the immediate vicinity of the airport," explains Marco Bartels, Center Manager of Motorworld Mallorca.

First-class location, privacy, comfort and service

The location is ideal as Motorworld Mallorca is situated directly on the MA-19 motorway just a few minutes away from the airport. This makes the Drivers Lounge an ideal business base and meeting place for entrepreneurs, creative professionals and automotive enthusiasts, who can enjoy absolute privacy, comfort and service here. There are also plenty of parking spaces on the site.

Exclusive furnishings with Vitra and Mathes

In collaboration with the interior design experts from Mathes, the Drivers Lounge was furnished with high-quality furniture from Vitra. For efficient working, there is a fast Wi-Fi connection and printers as well as charging points for laptops and smartphones.
