

The image shows the interior of a large, modern exhibition hall with a high ceiling featuring exposed steel beams and numerous industrial-style pendant lights. The floor is made of dark wood. In the background, a large historical advertisement for 'MEIN BENZIN - GASOLIN I' is displayed on a wall, featuring vintage cars and people. The overall atmosphere is industrial and spacious.

LEGENDENHALLE

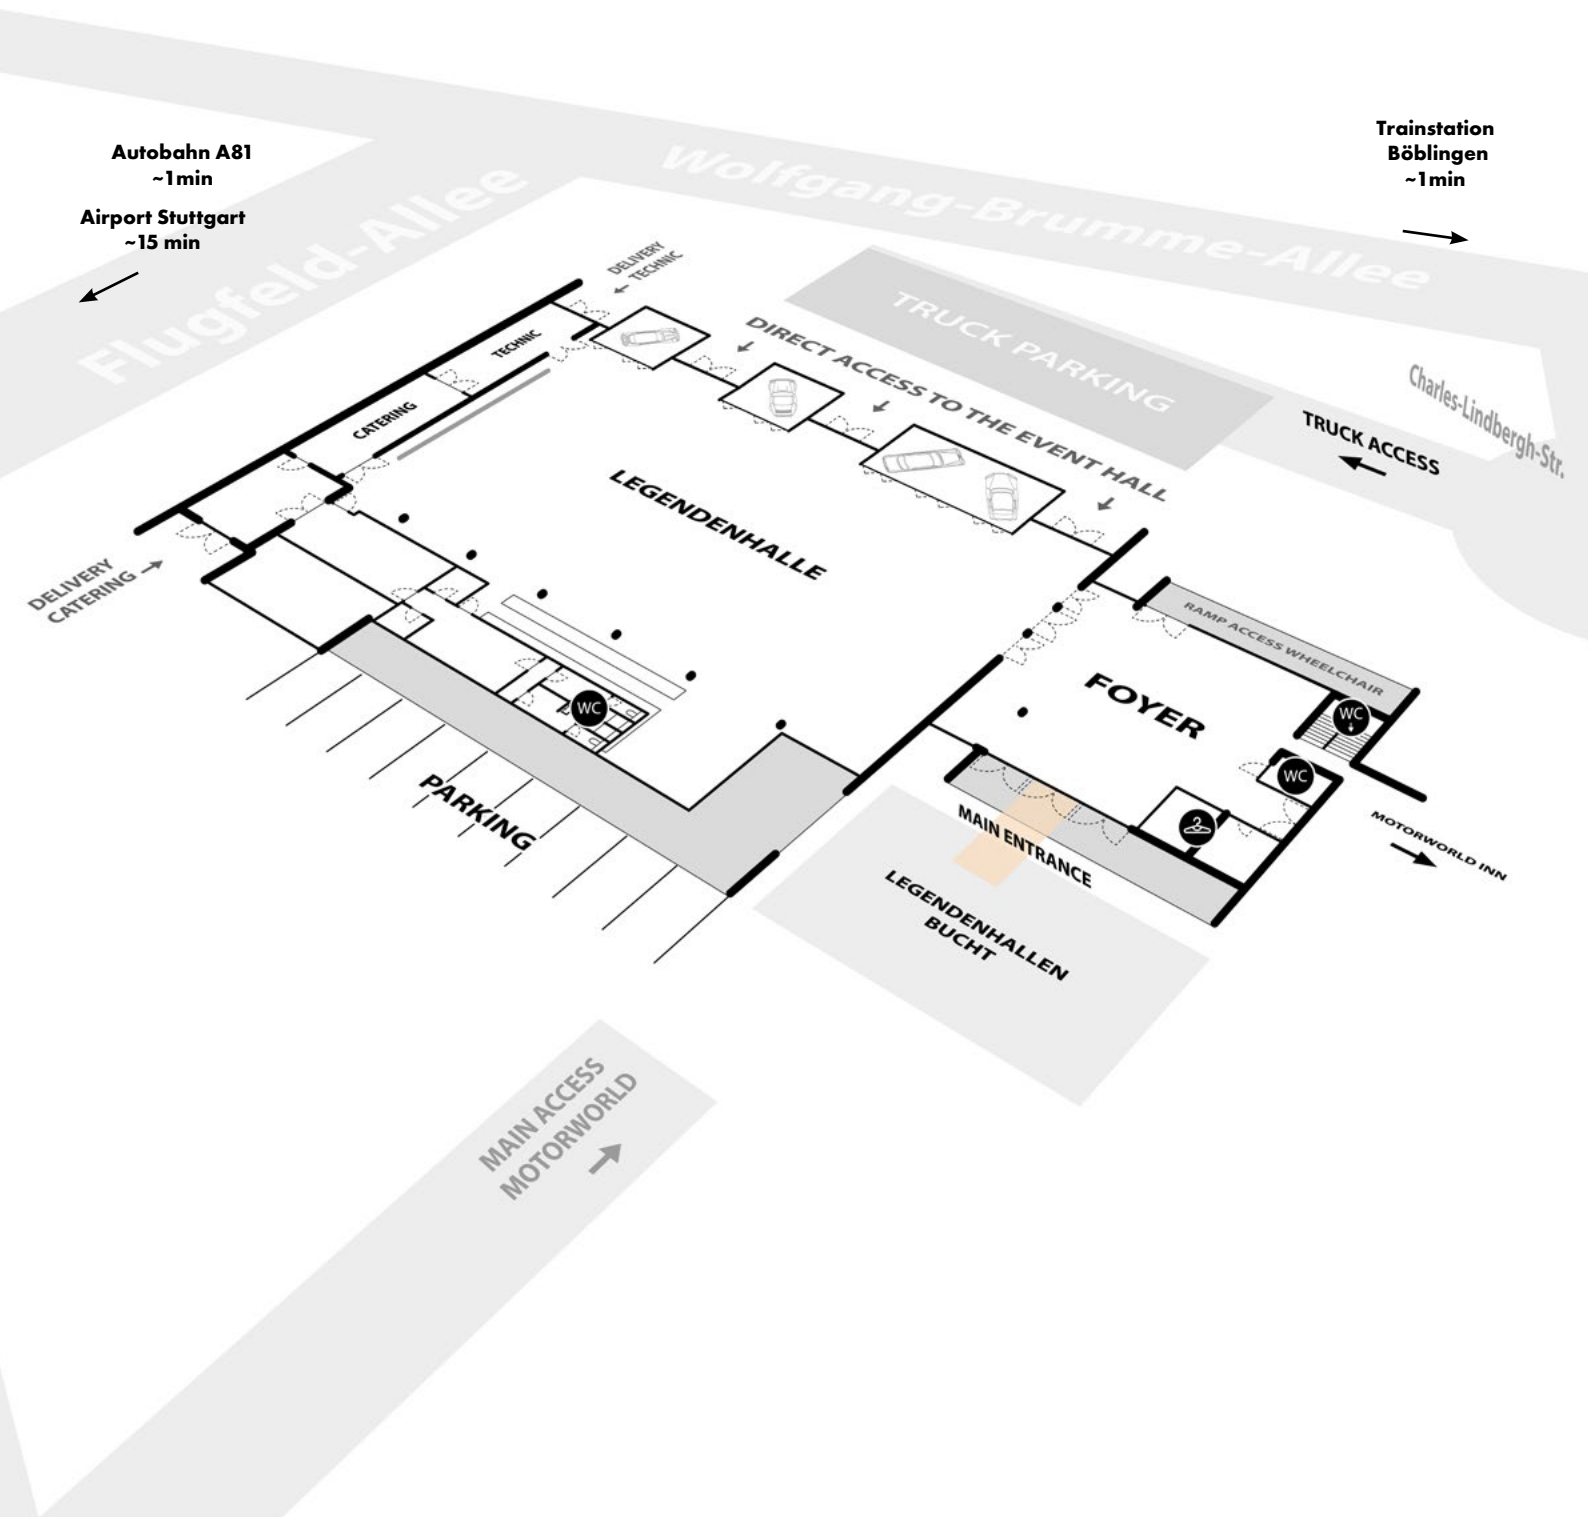

BÖBLINGEN

Factsheet

Legendenhalle

**The venue your guests
will remember.**

The Legendenhalle at MOTORWORLD Region Stuttgart is a unique event venue with a very special atmosphere. The event space is fully accessible by vehicle, features a separate foyer, and is bordered on one side by glass-enclosed vehicle display areas that can also be used for meetings, business lunches, breakout sessions, or product presentations.

Water Connections

All water connections for optimal catering service

The catering and kitchen area of the Legendenhalle is equipped with a variety of water connections and drains to set up mobile cooking stations for your event. In addition, the fifteen-meter-long bar in the Legendenhalle features a large sink with hot and cold water faucets, as well as an additional water connection and drain for, for example, a commercial coffee machine.

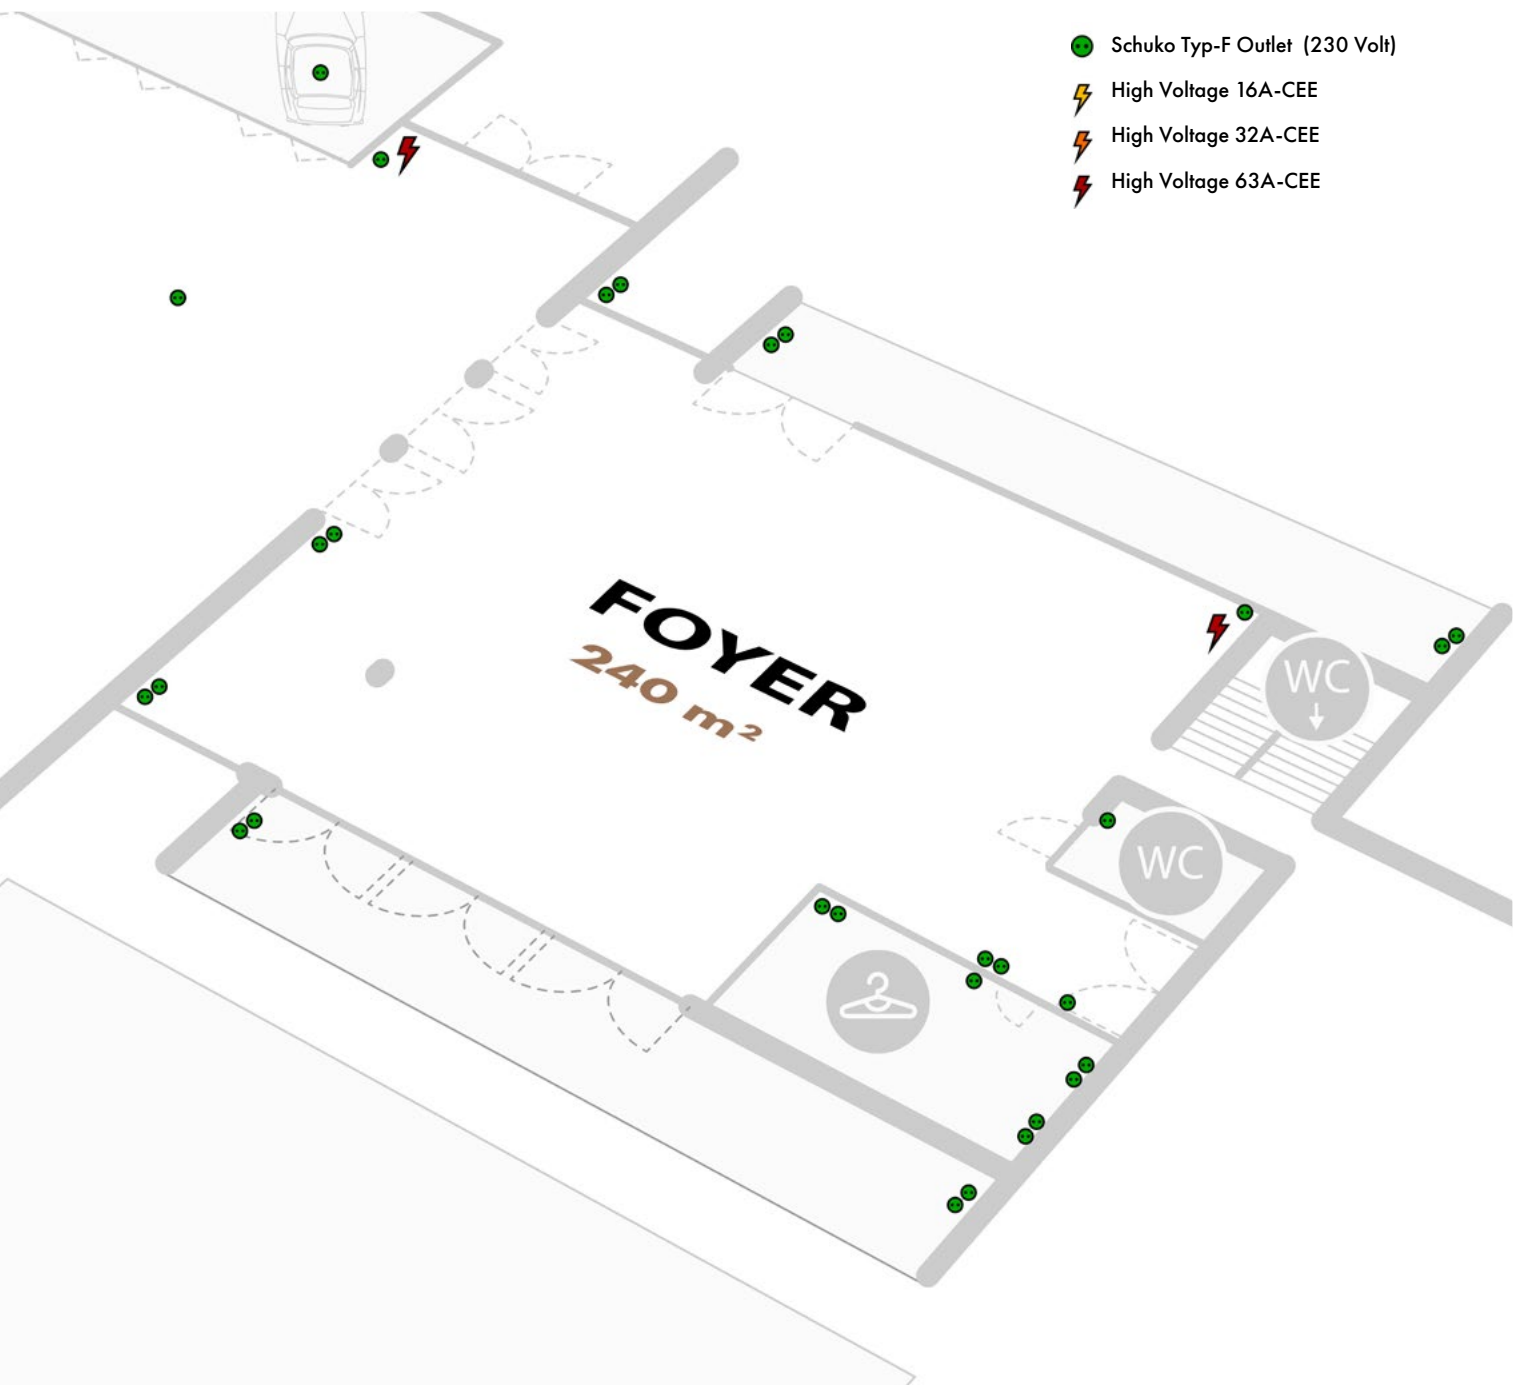

The staff restroom area includes one toilet, one shower, and a separate sink for both women and men.

Electricity

All Power Connections at a Glance

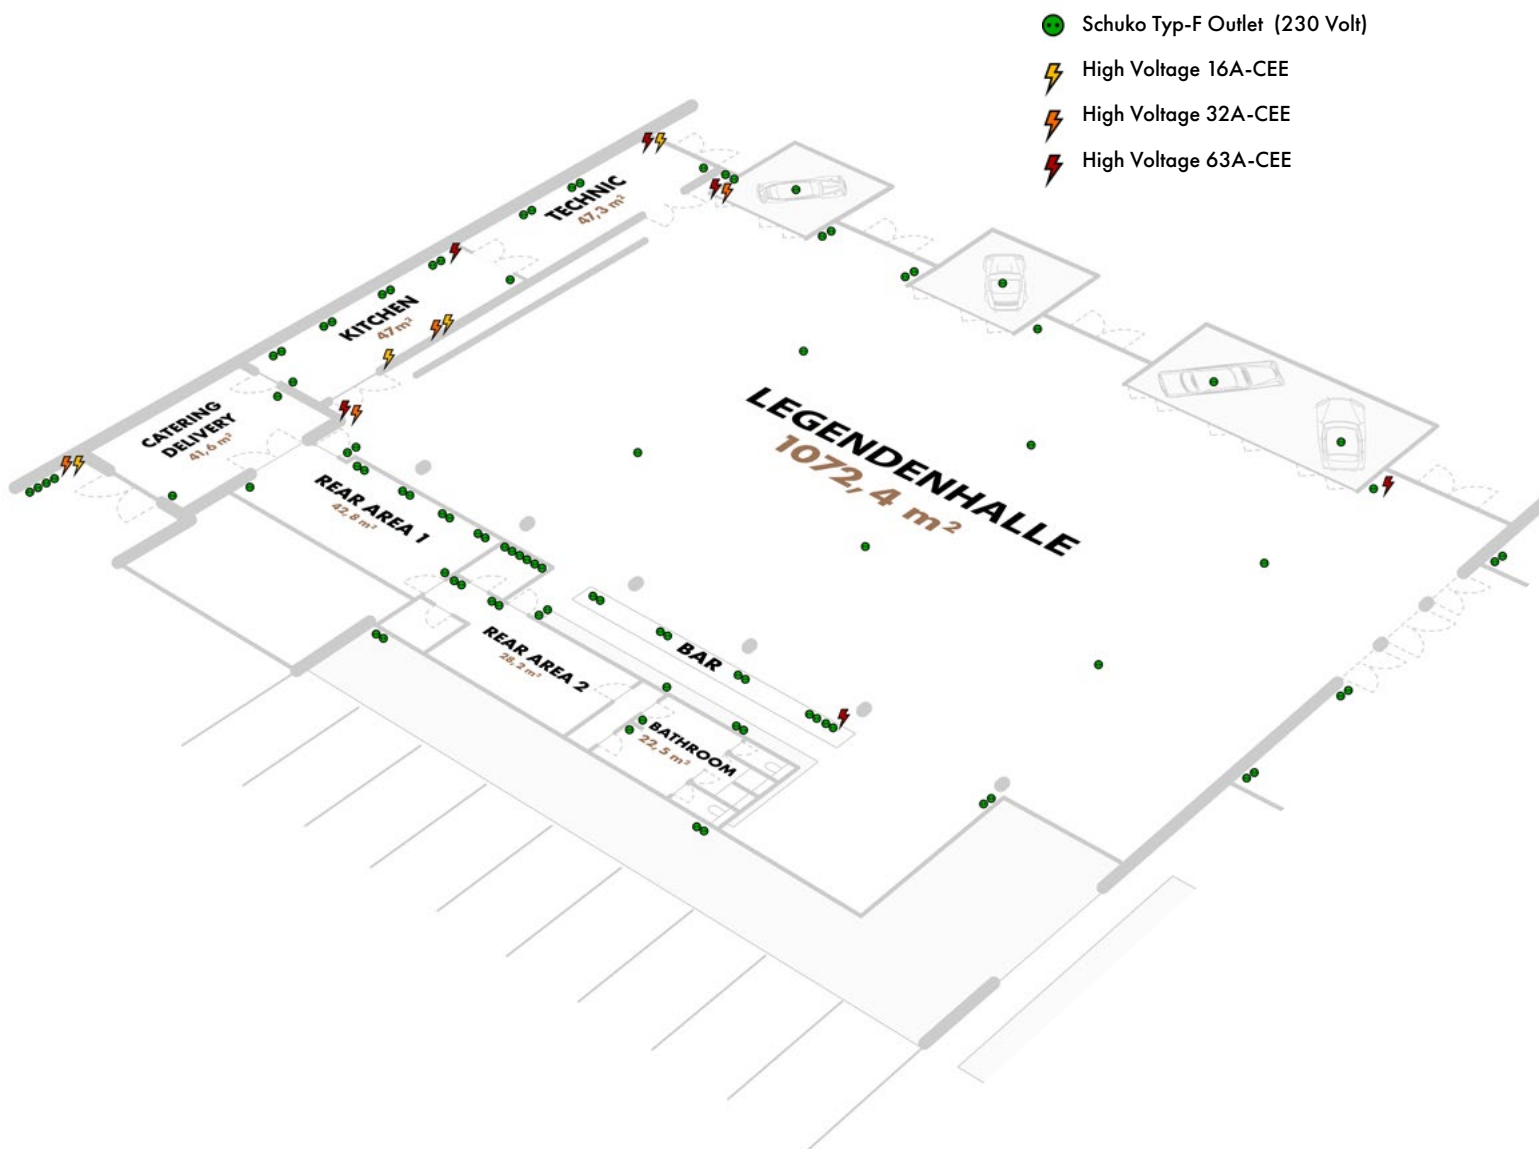

The Legendenhalle offers optimal power supply and distribution to meet any energy needs. In addition to numerous 230-volt outlets, the hall also has several high-voltage connections.
